Yes, I turned the first 222 pages into a PDF; the link and explanation is on page 223 of the thread. I'll post there again when I update it.

But the link to the 458 Win Mag thread PDF is here: [First 222 pages.](#)

Is the PDF available anywhere else? Dropbox denies me entry because it doesn't like my browser.

No idea, I'm not a computer person. It just tells me it won't work and gives me a list of "approved" ones it wants me to switch to. I'm not falling for that. I'll just refer back to the forum if I need something from the thread.
